Overview

- Update UW workers compensation claims information
- Focus on returning injured workers to the workplace
- Provide insights into how you can help UW achieve better results

Workers' Compensation

- Law outlines benefits for injured workers in Washington
- UW is insured through WA's Department of Labor and Industries
- L&I's Claim Managers adjudicate and pay claims
- UW's Claim Services staff provide oversight, coordinate return to work at UW

Claims Data

2022

The University's
claims history

What is UW 's Claim Frequency Trend?

39%

of all 2021
claims are time
loss

Total Claims

Medical Claims

Time Loss Claims

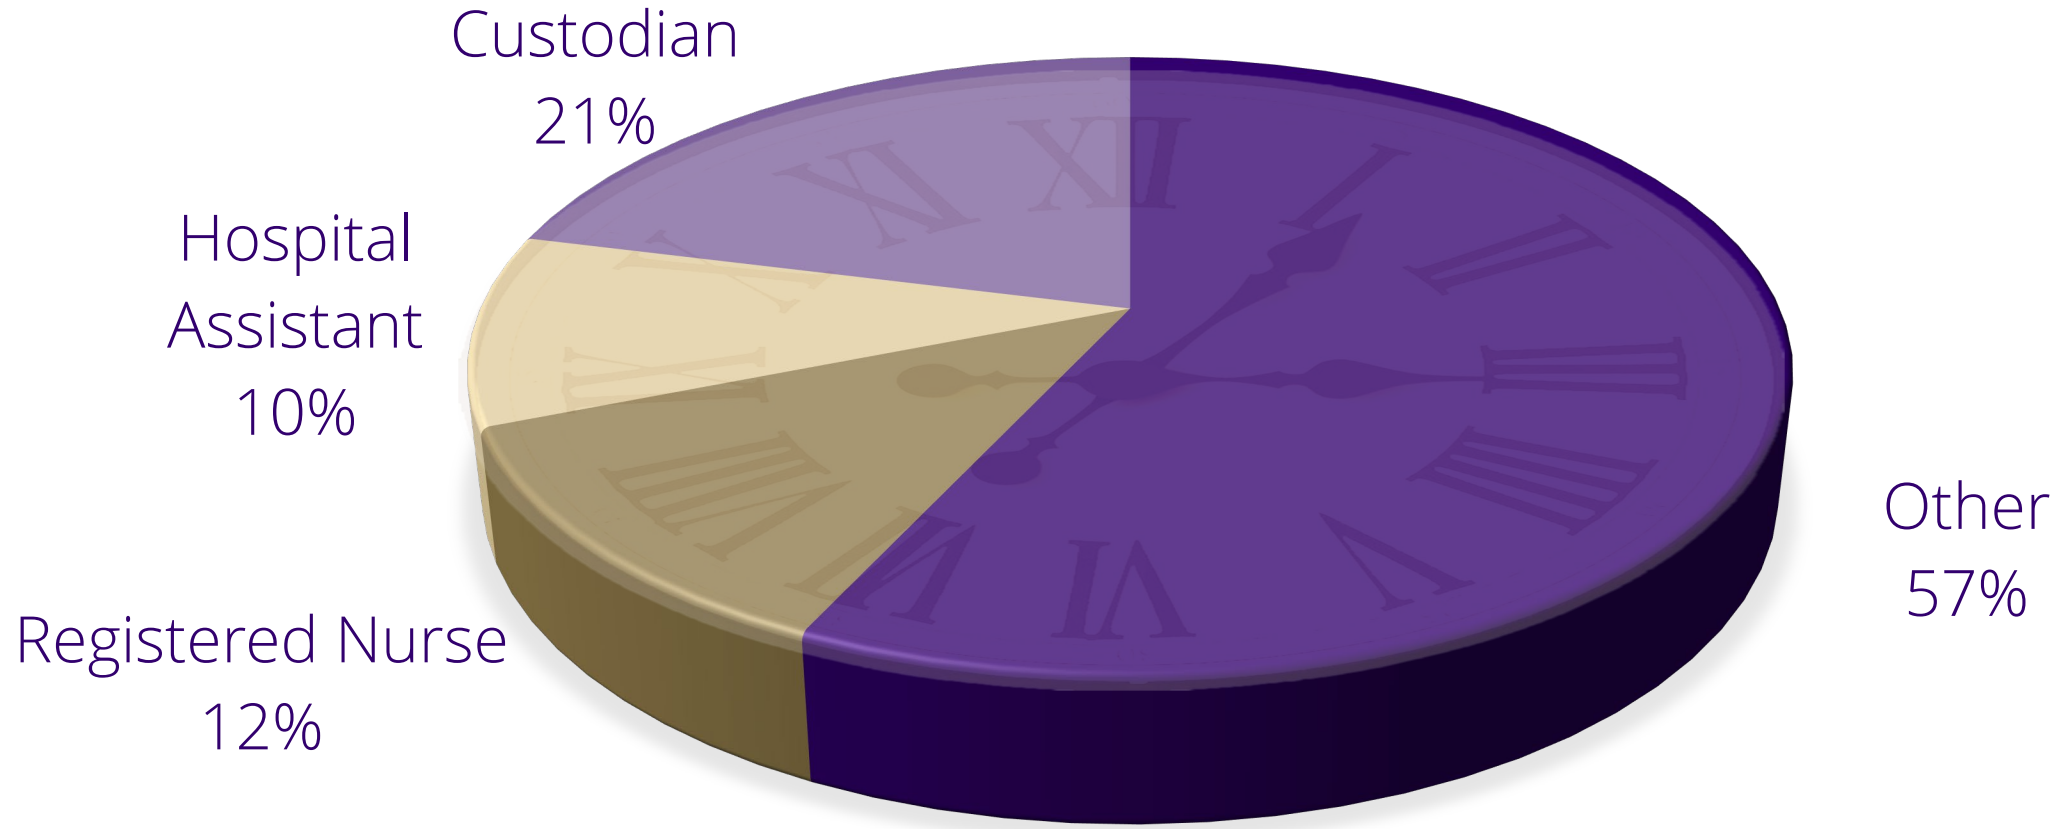

88% of \$ Paid on Open and Closed Time
Loss Claims in These 3 Divisions

Where are the Most Time Loss \$ Paid?

Who Loses Time from Work at UW due to Workplace Injuries?

Stress of Body:

- Lifting
- Pushing/pulling
- Repetitive motion
- Reaching
- Walking/Stepping
- Throwing
- Holding

What are Common Causes of Injuries that Result in Most Time Loss Days at UW ?

What is UW's Claim Severity Trend in Days Lost?

* 55 - 2021 TL claims are still open

Time Loss Days Missed

What is UW's Claim Severity Trend in Time Loss \$ Paid?

* 55 - 2021 TL claims are still open

Time Loss Dollars Paid

Keeping An Employee at Work Benefits Everyone

Not returning to work may cause deconditioning, boredom and depression, loss of confidence and financial loss

Peer and supervisor support is highest immediately following injury

Staying at work minimizes productivity loss for all involved

Longer absence from work = greater risk of long term disability:

✓ 4-6 weeks away = 20% chance

6 months away = 50% chance

Workers who return to work post-injury are healthier than those who have not returned to work

How Can We Help an Injured Worker?

Complete incident report (OARS/PSN)
promptly

Stay in communication with the injured
worker, HR, and Claim Services

Look for light duty opportunities, stay
within restrictions

Welcome back and accommodate where
possible

YES, there is an Incentive!

Reimbursement goes directly to the department which provides modified/light duty

- L&I reimburses UW for accommodating medical restrictions
- Stay at Work Incentive
- 50% of wages for up to 66 days actually worked in modified/light duty in a 24 month period, with a cap of \$10,000 per claim
 - ✓ \$2,500 for tools
 - ✓ \$1,000 for training
 - ✓ \$400 for clothing
- ✓ Claim Services administers the Program and does the work

L&I Premiums

2022

How the UW's costs
are determined

How Do Workers' Compensation Claims Impact UW?

How long will a claim from today impact us?

Three years!

What is UW's Workers Comp Insurance Premium?

>\$23 million per year

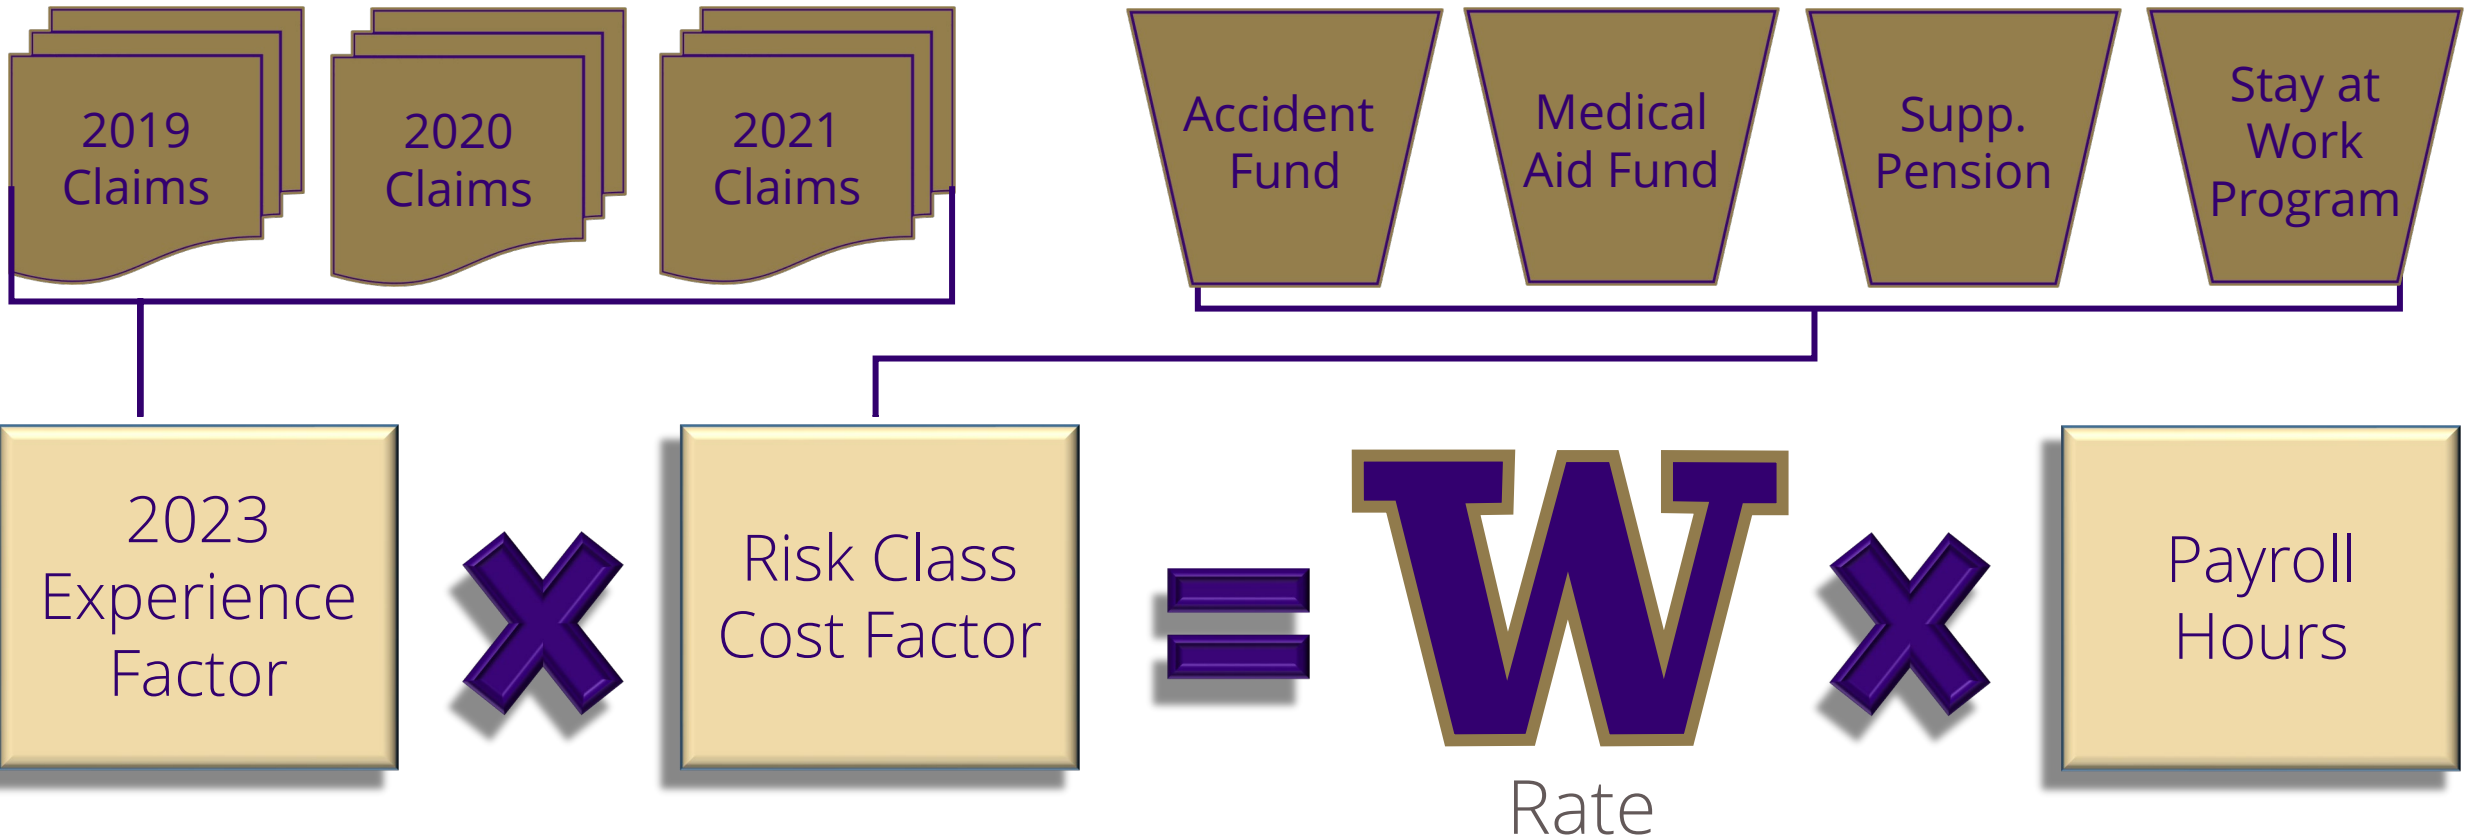

But there's more!

Productivity loss, costs for temporary help, training

How is UW's premium calculated?

- Paid by Payroll
- Employees pay about 1/3 of the total premium via payroll deduction

How does our Experience Factor Compare?

To: Other State Universities

0.91

1.25

0.99

1.04

How does our Experience Factor Compare?

To: Other Large State Agencies

Takeaways

Key points YOU
can put to work

2022

What are My Takeaways?

1. Focusing on Safety is most important tool in managing workers' compensation!
2. Seek out opportunities to offer modified duty or light duty work for the UW's injured workers.
3. Workers' Compensation is a significant expense to UW – over \$23 million/year just in insurance premium
4. UW Claim Rates are up, even with steady decreases in Payroll Hours
5. There are promising downward trends on both Time Loss Dollars and Time Loss Days, both of which drive Insurance Premiums
6. UW's Experience Modifier decreased this year.
